

Fear2Face

They may not say it
but they ARE watching you
Maybe from a distance
but if you think for an instance
that YOU black man aren't in constant submission...
Without committing a crime, but having 2 ask for forgiveness
It's almost as if, there isn't a difference

From a little while back where the only thing
Keeping a black man alive was how good he could work
Or how well he could listen

They want you 2 go along, buy your car
start a business
But by dulling the mind
They are dulling your senses
They will strip you of your home and leave you defenseless
Making it feel like the average black man
Is the lead role in Fences

☐ repent this
And yes I will get defensive
And not with a gun, although it is my amendment

You must stand your ground
I mean look at the hitlist
It was natives, blacks
browns and tainos
All of this hate, it just feels so senseless
When will we wake up and realize
there will always be tension
Unless words turn 2 revolution,
with freedom as pension

If not now then when
The promise of justice can no longer be pending
If our people stand strong, together and firm
It doesn't matter who we're offending

So stand strong soldier, for the fog is unbending
Time 2 find out if this is the start
Or the ending.
